Message from the Chief

Greetings! 2024 was another busy year for North County Fire Protection District as we continue to reach new heights of service and safety. One of our many achievements was launching a fourth District paramedic ambulance to meet the increase in service demand. The additional ambulance will help lower our response times providing critical advanced life support. We also staffed an additional Firefighter/Paramedic position which will help us achieve our effective response force standard. We are proud to have enhanced our operational capabilities this year by placing a Utility Task Vehicle (UTV) into service to assist with community festival and off-road rescues. On the facility front we completed the renovation of our Fire Administration, began renovation construction on Fire Station #3, and continued the design phase of the Fire Station #4 replacement project.

It is an honor to serve as your Fire Chief alongside the nearly 100 professional first responders, support, and administrative personnel who truly make the North County Fire Protection District uniquely outstanding. The North County Fire family thanks you for your continued support. We look forward to exceeding your expectations in the coming year.

Keith McReynolds

Keith McReynolds, Fire Chief

Mission, Vision, Values, Motto

Mission

“To serve and exceed our community’s expectations through preparedness, response, and recovery”

Vision

“To foster a healthy and resilient community through service, collaboration, and innovation”

Values

Duty - Respect - Integrity

Motto

“Committed to Serving You”

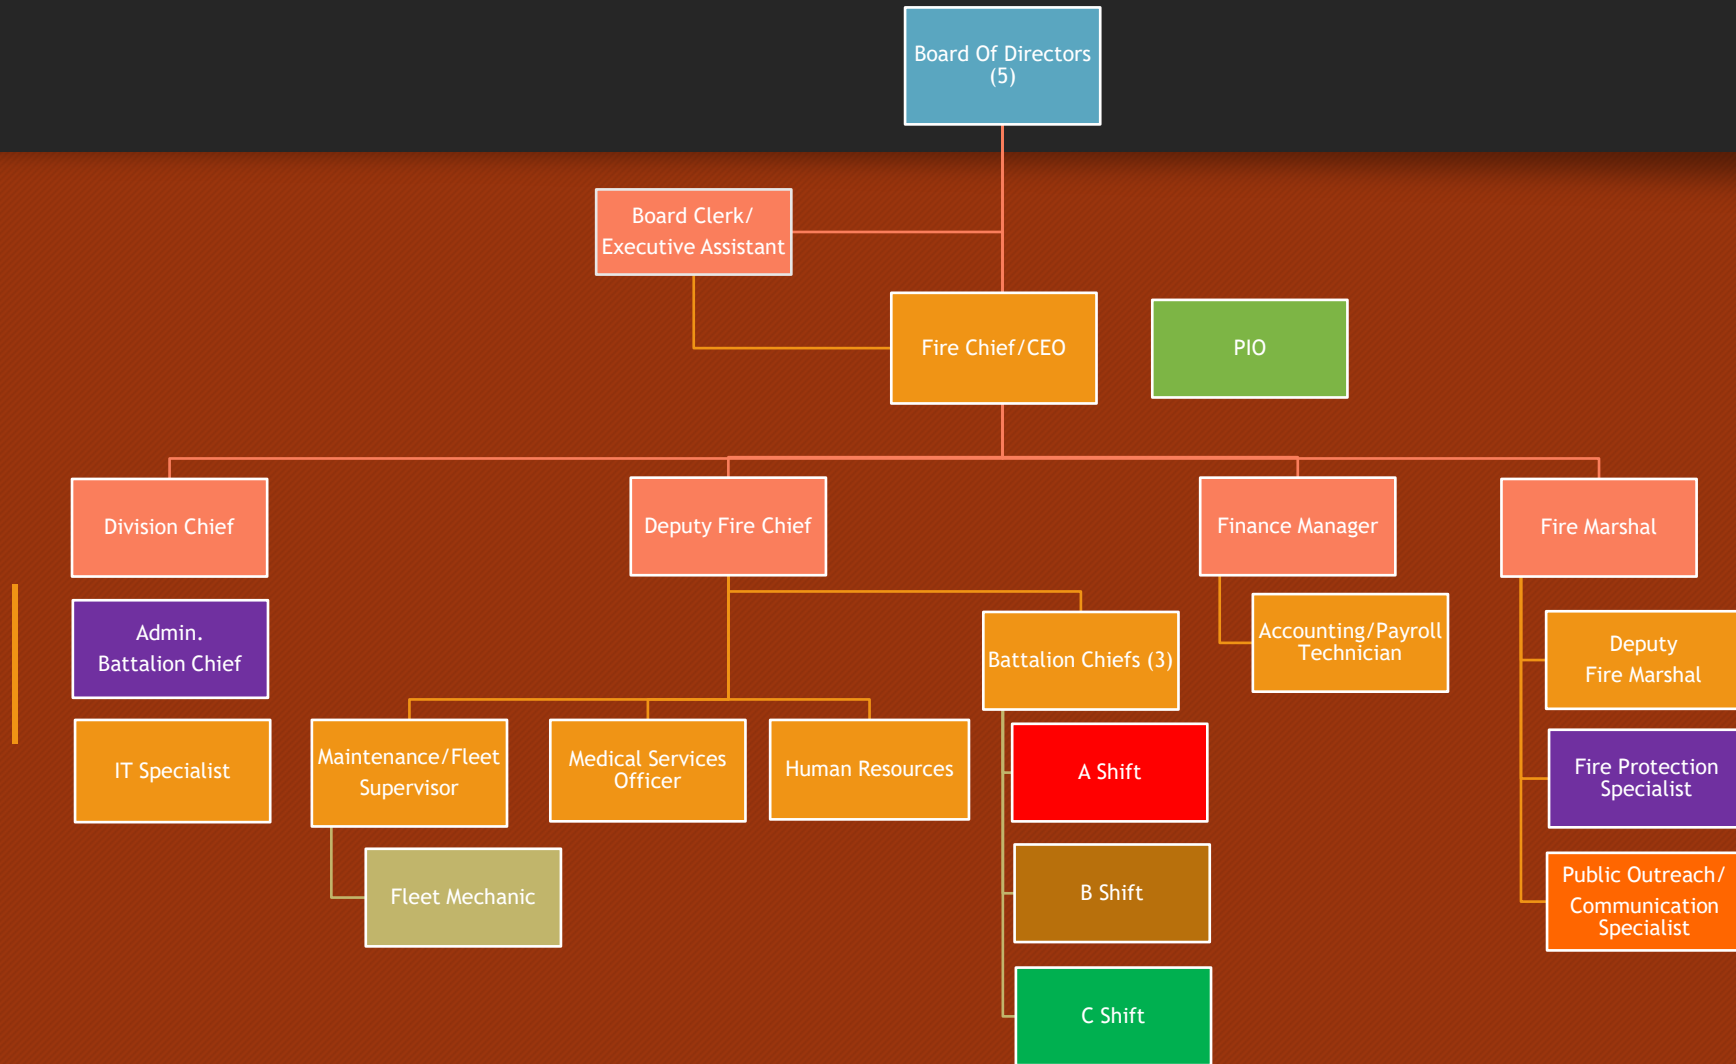

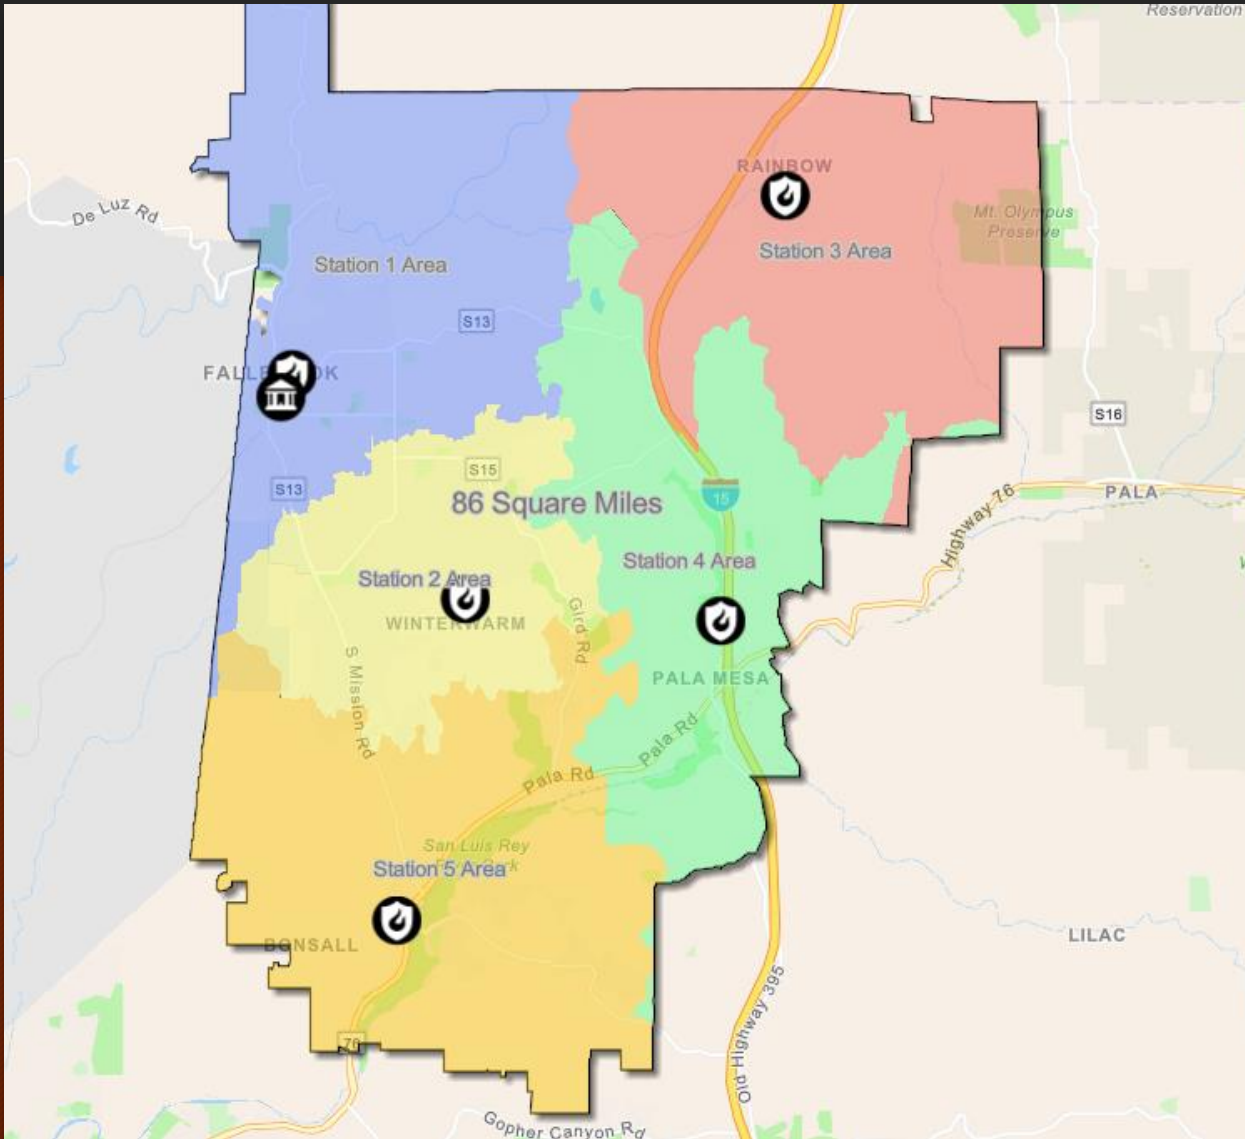

Inaugural North Zone Woman's Fire Service Empowerment Summit, August 2024
